(Going to Class VI, VII, VIII, IX, X, XI & XII in 2021)

Untap your Veiled Potential
and Discover the Befitting Opportunity!

Since the safety & comfort of our students & their parents is our prime concern, we have made our entire enrolment process online (the complete information will be given at the time of result declaration). With this, the classes will also run online until the situation is back to normal.
We know, these are difficult times. But times never remain the same, COVID - 19 time will soon be passe!

Pandemic effect!
The month of March in 2020 tossed the country upside down with the deadly intrusion of COVID-19. From epidemic, it soon turned into a pandemic. With schools, colleges and coaching institutes being shut, it deeply affected the studies of the students who were in the middle of their preparation for different target exams. The situation pushed them to leave their coaching centre city midway and return to their home, with a plan to never go back. Yes, the career of thousands of students was put at stake.

What did we do for the student fraternity?
Comprehending the severity of the students’ plight, we put our swiftness and adaptability in action by making a transition from offline classes to Live Online Classes. And, it makes us proud to announce that we were the very first offline coaching institute to launch the Live Online Classes after pandemic.

Students’ Satisfaction & Transformation are what we treasure!

“Worries are at bay, at home we study & play. FIITJEE is always with you and for you. FIITJEE online is our life line during tough time”

FIITJEE's Live Online Classes  
A Great Success!

We kept students’ time & preparation at priority, thus ran our Live Online Classes on the schedule, just like offline classes were meant to be. There was not even a single day wasted! The entire process also included training our faculty to give its best through online teaching mode as they do in offline mode. Well, our students embraced our Live Online Classes in no time. They could reap the benefits of our Live Online Classes and study efficiently. The positive testimonials of our satisfied students are proof of it.

Students’ Satisfaction & Transformation are what we treasure!

“Documentation procedures are incredible and the notes in discussions happening in classroom are forwarded to every student online to ensure no one lags behind”

Be it Offline or Online Classes
FIITJEE is the Best

What makes our Live Online Classes this Successful?

Classes are conducted by only the professional and adept faculty having years of experience in the core subjects.

They are as powerful & productive as offline classes. So, for students, the experience is similar to an offline class, as our teachers know what part of human interaction in teaching is important and are endeavoring to provide that.

Like offline classes, online classes are also held in smaller batch strength not beyond 50 students, which implies better teacher-student interaction.

Students’ Satisfaction & Transformation are what we treasure!

"With the help of these online classes we are able to continue learning & clarify our doubts. Thank you FIITJEE!"

FIITJEE is the Best

What makes our Live Online Classes this Successful?

Our Live Online Classes run in real time, which means that the faculty actively teaches, give questions to students while teaching and give insight into their problems at the very moment. With befitting examples, they resolve the problems and extend help to students to make them understand the concepts better.

Teachers modify the teaching speed according to the learning speed of the batch, resulting in effective learning.

Our JEE teaching methodology is not restricted to only videos of the lectures but is a process that augments an understanding between Students & Teachers, along with a system which chases the students through regular tests / revision tests & most importantly, providing them a stress-free environment for Studying.

Students’ Satisfaction & Transformation are what we treasure!

“The study material like notes, assignments, CPP etc. are sent to us through whatsapp, and on online platforms like myPAT & our tablets”

Dear Student (& Parents)

Congratulations

as with this brochure in your hand,
you are just heading in the
right direction towards joining the
most Ethical, Disciplined
and Committed Institution.

Why all sincere Students consider
FIITJEE to be the
only choice for their
complete academic transformation?
At FIITJEE you get a Large pool of competent Faculty for all the Subjects

FIITJEE boasts of competent & committed faculty for all the core Subjects who are trained to be True Gurus - guiding Students throughout their journey.

FIITJEE’s system driven approach ensures that even if a faculty leaves, FIITJEE has an equally or even more competent faculty to fill in his / her shoes.

Whereas other Coaching Institutes lack a Large & competent pool of Faculty

In these Institutes, you won’t find good & competent faculty for all the Subjects. This is to be remembered that each subject holds equal importance for you and you need the best possible guidance.

Moreover, it is generally seen that if a good faculty member leaves these coaching Institutes mid-session then there are no equally competent faculty members to fill in his / her shoes.
At FIITJEE, you get to study in an optimum Batch size

FIITJEE stringently focuses on maintaining an ideal Student-Teacher ratio which not only guarantees personalised attention to each Student but also paves way for a healthy and interactive learning environment.

Whereas in other Coaching Institutes you are crammed into oversized batches

You are crammed in a batch with large number of Students which devoids you of personalised attention. Slowly and steadily, you see yourself lost in the crowd. You are unable to ask and clear doubts and soon start feeling alienated from Studies. As a Result, your performance takes a dip.
At FIITJEE, a Unique Teaching Methodology is followed that focuses on empowering Students to Excel in any exam irrespective of the pattern.

FIITJEE doesn’t rely on a certain set questions but keeps on introducing new and different questions from time to time for early exposure among Students. This pattern proof teaching helps Students to be well prepared in advance to face any type of questions and to ace any exam irrespective of the pattern of the exam.

Whereas in other Coaching Institutes, emphasis is on Rote learning and to rush through the syllabus

These Institutes pay no heed to strengthen your fundamentals or basic concepts. Their main focus is to rush through the syllabus, with the methodology focused on rote learning which doesn’t prepare you to tackle new & intricate questions.
At FIITJEE, you get competitive peers who bring out the best in you.

FIITJEE’s classrooms have an air of competitiveness around them. You study among the best peers who constantly want to outperform each other. This streak of healthy competitiveness motivates you to perform better and eventually you surpass your own potential.

Whereas in other Coaching Institutes with no competitive environment, your competitiveness dies a slow death.

Your peers play an important part in motivating you to perform better. These Institutes do not give you a competitive classroom environment. Thus, you do not feel the adrenaline rush of competition i.e. performing better than your peers, which is a pre-requisite to study hard and to upgrade your academic performance.
At FIITJEE, you are provided unrivalled Academic Inputs

FIITJEE’s unique teaching methodology coupled with top notch & well researched study material (by Megacosm Cognitions), e-study material helps in building the fundamental concepts along with consolidating overall grasp on the topics. This ensures that you perform to your optimum on the Exam day.

Whereas in other Coaching Institutes, Quality Academic Inputs are a distant dream

The Study material, including the notes, assignments etc. given by these Institutes are poorly researched and vague which instead of helping Students, confuses them.
Producing Top Results in JEE and in other Competitive / Scholastic Exams has been a habit for FIITJEE

In the end, what matters are the results and FIITJEE has been producing top results and highest number of selections in JEE Advanced, JEE Main, KVPY, NTSE, Olympiads, Boards etc. for over two decades now.

Moreover, we always claim our results with utmost integrity without misrepresenting the facts.

Unable to produce top results, other Coaching Institutes resort to unethical practice of buying out the results of toppers by paying huge sums of money. They boastfully advertise these top but fake results with the aim to cheat & deceive innocent Students & Parents.
We are the inventors of the Specific IQ Test to evaluate the Temperament & Potential of a Student for IIT-JEE. Till now, we are the only Institute that can successfully predict a Students’ Rank Potential Index (RPI) & relate it to his / her future Potential Rank in IIT-JEE & various other exams.

We are the Innovators & Creators of Integrated School Programs like SUPREME & PINNACLE. We were the first to recognise the need for an Integrated study program for the Students that combines the Competitive / Scholastic Exams Preparation with the School Curriculum to ensure success in both. Our Integrated School Programs reduce the extra burden on the Student as the Competitive / Scholastic Exams Preparation is done within the School Schedule thereby, giving the Student ample time for self-study.

We are the only institute in India that has the capability to predict accurate Rank Potential Index (RPI) of a Student & have the expertise to take the Student beyond the demonstrated potential.
Computer Based All India Test Series

We are the Innovators & Creators of All India Test Series (AITS). And even today, our AITS (now being conducted in CBT mode) is the only test series of Real Substance in the entire Country.

Transparent Selection Process

We are the Innovators & Creators of Transparent Selection Process for Students appearing in our Admission Test to join a FIITJEE Classroom / Integrated School Program / Live Online Classroom Program. Our selection criterion is fair & transparent whereby, Students are selected on the basis of the merit of their performance in our Admission Test, and not through a first-come-first-serve basis. They are also given the option of Challenging the Answer Key by displaying their OMR answer sheets; which is highly unique for any Coaching Institute in the Country.

Uniquely Designed Performance Analytics

We are the Innovators & Creators of Performance Analytics which is given to the Students through myPAT- The Online Test Series. myPAT focuses on Analytics using intelligent data metrics to review a Student’s performance. Such Analytics empower Students by capturing their performance metrics like Time Management & Speed while attempting the tests and map their Exam Temperament & readiness. The tests are bifurcated into Learning Mode & Testing Mode which further enhance learning. The Analytics are provided in the form of graphical illustrations covering various aspects of performance – relative as well as absolute, productivity in terms of concept, and proficiency span in terms of chapters. The scope of improvement is measured scientifically in order to give a correct understanding of what action or remedial measures will give maximum benefit.
